ORANGE COUNTY WATER DISTRICT
Orange County's Groundwater Authority

February 14, 2019

Dear Neighbor:

This letter is a follow-up letter regarding the Orange County Water District's (OCWD; the District) Mid Basin Centennial Park Injection Well Project. The District will soon lay paving stones at the Centennial Park entrance/exit at the intersection of Mohawk Drive and Edinger Avenue. The pavers will smooth out the road and reduce potholes.

To minimize disruption to park users, all work will be performed at night between the hours of 10 p.m. and 7 a.m. Noise abatement measures will be put in place, including reducing the volume of backup alarms to the minimum level allowed by law.

Two construction periods are scheduled, as follows:

- Phase 1: February 19 through 21 (two nights)
- Phase 2: March 4 through 9 (five nights; tentatively scheduled)

During construction, the Mohawk Drive park entrance/exit will be closed and will re-open for use during non-construction hours. Park users should use the Fairview Road entrance/exit during this time period.

OCWD is committed to completing this project as quickly as possible. However, this timeframe could change due to inclement weather or other unforeseen circumstances. For your safety, please stay away from all construction areas and equipment, and obey all local laws and ordinances. We apologize for this temporary inconvenience and appreciate your patience.

For more information, please call the OCWD Construction Hotline at (714) 378-8244, email info@ocwd.com, or visit <http://www.ocwd.com/news-events/construction-updates> for project updates and construction activity maps. Si tiene preguntas en Español, favor de llamar a (714) 378-8244.

Sincerely,

A handwritten signature in black ink, appearing to read 'Crystal Nettles'.
