(714) 378-3200

## ADMINISTRATION/FINANCE ISSUES COMMITTEE

### MEETING WITH BOARD OF DIRECTORS\*

#### ORANGE COUNTY WATER DISTRICT

**Thursday, January 9, 2025, 12:00 p.m. – Conference Room C-2**

\*The OCWD Administration and Finance Issues Committee meeting is noticed as a joint meeting with the Board of Directors for the purpose of strict compliance with the Brown Act and it provides an opportunity for all Directors to hear presentations and participate in discussions. Directors receive no additional compensation or stipend as a result of simultaneously convening this meeting. Items recommended for approval at this meeting will be placed on the **January 15** Board meeting Agenda for approval.

**This meeting will be held in person. As a convenience for the public, the meeting may also be accessed by Zoom Webinar and will be available by either computer or telephone audio as indicated below. Because this is an in-person meeting and the Zoom component is not required, but rather is being offered as a convenience, if there are any technical issues during the meeting, this meeting will continue and will not be suspended.**

**Computer Audio: Join the Zoom meeting by clicking on the following link:**

<https://ocwd.zoom.us/j/84653737407>

**Meeting ID: 846 5373 7407**

**Telephone Audio: (213) 338 8477**

Teleconference Site:  
10382 Bonnie Drive, Garden Grove  
20 Civic Center, Santa Ana  
19 Cannery, Buena Park  
1454 Madison Street, Tustin

\* Members of the public may attend and participate at all locations.

## ROLL CALL

## ITEMS RECEIVED TOO LATE TO BE AGENDIZED

**RECOMMENDATION:** Adopt resolution determining need to take immediate action on item(s) and that the need for action came to the attention of the District subsequent to the posting of the Agenda (requires two-thirds vote of the Board members present, or, if less than two-thirds of the members are present, a unanimous vote of those members present.)

## VISITOR PARTICIPATION

Time has been reserved at this point in the agenda for persons wishing to comment for up to three minutes to the Board of Directors on any item that is not listed on the agenda, but within the subject matter jurisdiction of the District. By law, the Board of Directors is prohibited from taking action on such public comments. As appropriate, matters raised in these public comments will be referred to District staff or placed on the agenda of an upcoming Board meeting.

At this time, members of the public may also offer public comment for up to three minutes on any item on the Consent Calendar. While members of the public may not remove an item from the Consent Calendar for separate discussion, a Director may do so at the request of a member of the public.

## **CONSENT CALENDAR (ITEMS NO. 1 – 3)**

All matters on the Consent Calendar are to be approved by one motion, without separate discussion on these items, unless a Board member or District staff request that specific items be removed from the Consent Calendar for separate consideration.

1. MINUTES OF ADMINISTRATION/FINANCE COMMITTEE MEETING HELD DECEMBER 12, 2024

RECOMMENDATION: Approve minutes as presented

2. BROWN-HEADED COWBIRD TRAPPING WITHIN PRADO BASIN RFP

RECOMMENDATION: Agendize for January 15 Board meeting: Authorize issuance of Request for Proposals for Brown-headed Cowbird Trapping within Prado

3. ADDITIONAL FUNDS FOR WATER PRODUCTION R&R FUND 23008

RECOMMENDATION: Agendize for January 15 Board meeting: Authorize issuance of additional funds in the amount of \$136,100 to the Water Production Refurbishment and Replacement account R23008

## **END OF CONSENT CALENDAR**

## **MATTERS FOR CONSIDERATION**

4. SEAL BEACH WELL CONSTRUCTION LOAN AGREEMENT

RECOMMENDATION: Agendize for January 15 Board meeting: Approve the Agreement with the City of Seal Beach

5. BASIN PRODUCTION PERCENTAGE AND REPLENISHMENT ASSESSMENT ESTIMATES FOR FISCAL YEAR 2025-26

RECOMMENDATION: Agendize for January 15 Board meeting: Provide the Fiscal Year 2025-26 Replenishment Assessment and Basin Production Percentage estimates to the Groundwater Producers along with any additional Board comments

## **INFORMATIONAL ITEM**

6. MONTHLY CASH DISBURSEMENTS REPORT

**CHAIR DIRECTION AS TO ITEMS IF ANY TO BE AGENDIZED AS MATTERS FOR CONSIDERATION AT THE JANUARY 15 BOARD MEETING**

## **DIRECTORS' ANNOUNCEMENTS/REPORTS**

## **GENERAL MANAGER'S ANNOUNCEMENTS/REPORTS**

## **ADJOURNMENT**

## ADMINISTRATION AND FINANCE ISSUES COMMITTEE MEMBERS

### Committee Members

Roger Yoh - Chair

Dina Nguyen – Vice Chair

Valerie Amezcuia

Natalie Meeks

Bruce Whitaker

### Alternates

Erik Weigand

Denis Bilodeau

Steve Sheldon

Van Tran

Cathy Green

In accordance with the requirements of California Government Code Section 54954.2, this agenda has been posted at the guard shack entrance and in the main lobby of the Orange County Water District, 18700 Ward Street, Fountain Valley, CA and on the OCWD website not less than 72 hours prior to the meeting date and time above. All

written materials relating to each agenda item are available for public inspection in the office of the District Secretary. Backup material for the Agenda is available at the District offices for public review and can be viewed online at the District's website: [www.ocwd.com](http://www.ocwd.com)

MINUTES OF BOARD OF DIRECTORS MEETING  
ADMINISTRATION AND FINANCE ISSUES COMMITTEE  
ORANGE COUNTY WATER DISTRICT  
Thursday, December 12, 2024 @ 12:00 p.m.

Director Whitaker called the Administration and Finance Issues Committee meeting to order at 12:03 p.m. in Conference Room C-2 in Fountain Valley, CA. Public access was also provided via Zoom webinar. The Secretary called the roll and reported a quorum as follows:

Committee Members

Roger Yoh (arrived at 12:06 p.m.)  
Dina Nguyen  
Valerie Amezcua (absent)  
Natalie Meeks (absent)  
Bruce Whitaker

OCWD staff

Randy Fick – Treasurer/CFO  
John Kennedy – General Manager  
Melissa Ochoa – Controller  
Chris Olsen – Executive Director of Engineering  
Stephanie Dosier – Director of Human Resources  
Jeremy Jungreis – General Counsel  
Leticia Villarreal – Assistant District Secretary

Alternates

Erik Weigand (participated as guest)  
Denis Bilodeau (participated as guest)  
Steve Sheldon  
Van Tran (absent)  
Cathy Green (absent)

**CONSENT CALENDAR**

The Consent Calendar was approved upon motion by Director Whitaker, seconded by Director Amezcua and carried [3-0] as follows:

**Ayes: Nguyen, Whitaker, Sheldon**

1. Minutes of Previous Meeting

**The minutes of the Administration/Finance Issues Committee meeting held November 14, 2024, were approved as presented.**

2. Monthly Cash Control Report

**Recommended by Committee for approval at December 18 Board meeting: Receive and file Summary Cash, and Cash Equivalents Control Report dated November 30, 2024.**

3. Investment Portfolio Holdings Reports

**Recommended by Committee for approval at December 18 Board meeting: Receive and File the Investment Portfolio Holdings Reports dated November 30, 2024.**

4. Biennial Review of OCWD Conflict of Interest Code

**Recommended by Committee for approval at December 18 Board meeting: Adopt amended Conflict of Interest Code revised Exhibit A, and direct District Secretary to submit amendment to Orange County Clerk of the Board prior to December 31, 2024.**

5. Additional Funds for Refurbishment and Replacement Fund R24024: Recharge Operations Infrastructure

**Recommended by Committee for approval at December 18 Board meeting:**

- 1) **Authorize additional funds in the amount of \$140,000 for R&R account R24024 for refurbishment or replacement of field recharge operations infrastructure**

and equipment; and,

- 2) **Ratify Work Order No. 4 of Agreement No. 1450 and payment to Doty Bros. Construction Company for emergency repairs totaling \$114,127.**

6. Ultraviolet Light (UV) Equipment Supply

**Recommended by Committee for approval at December 18 Board meeting: Authorize issuance of Purchase Order to Trojan Technologies Group ULC for the purchase of 1,080 UV lamps in the amount of \$265,025, including freight.**

7. Surplus of Computer Equipment, Research & Development Obsolete Tools, Welding Machines, and Heavy-Duty Equipment

---

**Recommended by Committee for approval at December 18 Board meeting: Declare items on Surplus List as of December 1, 2024, surplus and authorize the sale and disposal thereof.**

8. 2025 OC Water Summit Location and Contract Approval

**Recommended by Committee for approval at December 18 Board meeting: Authorize staff to execute an agreement with the Westin South Coast Plaza to host the OC Water Summit on September 5, 2025 for a total amount not to exceed \$65,000.**

**INFORMATIONAL ITEMS**

9. Preparation of Fiscal Year 2025-26 Budget

CFO/Treasurer Randy Fick presented the Fiscal Year 2025-26 draft budget schedule and previewed budget issues for the upcoming budget process.

10. Monthly Cash Disbursements Report

There was no discussion on this item.

**CHAIR DIRECTION AS TO WHICH ITEMS, IF ANY TO BE AGENDIZED AS MATTERS FOR CONSIDERATION AT DECEMBER 18 BOARD MEETING**

It was agreed to place all items on the Consent Calendar for the December 18 Board meeting.

**ADJOURNMENT**

There being no further business, the meeting was adjourned at 12:30 p.m.

---

Bruce Whitaker, Director

## AGENDA ITEM SUBMITTAL

**Meeting Date:** January 9, 2025

**To:** Administration/Finance Issues Cte.  
Board of Directors

**From:** John Kennedy

**Budgeted:** Yes

**Budgeted Amount:** \$55,000

**Cost Estimate:** \$55,000

**Program/Line Item No.:** 1080.53001

**Funding Source:** General Fund

**General Counsel Approval:** N/A

**Project Report Approved:** N/A

**CEQA Compliance:** N/A

**Staff Contact:** L. Haney/S. Parsons

**Subject:** BROWN-HEADED COWBIRD TRAPPING WITHIN PRADO BASIN RFP

---

### **SUMMARY**

The District has previously contracted with the Santa Ana Watershed Association (SAWA) to provide brown-headed cowbird trapping services within Prado Basin to meet regulatory requirements listed in the 2000 Biological Opinion/Formal Section 7 Consultation on the Prado Basin Water Conservation and Water Control Operations Project (1-6-99-F-75). These services were covered under Agreement No. 1594 with SAWA, which expired in June 2024. Staff is requesting to issue a Request for Proposals (RFP) for cowbird trapping services in Prado Basin.

### **RECOMMENDATION**

Agendize for January 15 Board meeting: Authorize issuance of Request for Proposals for Brown-headed Cowbird Trapping within Prado.

### **BACKGROUND/ANALYSIS**

Brown-headed cowbird trapping has taken place within Prado Basin since 1986, the same year the least Bell's vireo was first listed as endangered by the United States Fish and Wildlife Service (USFWS). At the time, brown-headed cowbirds were the largest threat to the least Bell's vireo and prime factor in their decline. Brown-headed cowbirds are brood parasites, meaning they lay their eggs in the nests of other bird species such as the least Bell's vireo to the detriment of the host species' young. A brown-headed cowbird trapping program was first regulated in the 2000 Biological Opinion/Formal Section 7 Consultation on the Prado Basin Water Conservation and Water Control Operations Project (1-6-99-F-75), which requires the District to operate four cowbird traps (see Figure 1) within the Prado Basin (as well as repair and store all traps and provide seeds and other supplies).

**Figure 1.** A brown-headed cowbird trap

Previous cowbird trapping efforts were covered under Agreement No. 1594 with the Santa Ana Watershed Association (SAWA). This agreement expired in June 2024.

Staff is recommending issuing an RFP for cowbird trapping services in Prado. The scope of services would include deployment, monitoring, and removal of four (4) cowbird traps within Prado Basin. Upon completion of the RFP process, staff will return with a recommendation to the Board for consideration.

#### **PRIOR RELEVANT BOARD ACTION(S)**

07/17/2024, R24-7-85: Renew Agreement No. 1369 until July 1, 2025, solely for Arundo removal, with a budget not to exceed \$100,000, and include additional language to improve billing transparency; Eliminate the 50/50 staff billing arrangement, resulting in an increase in OCWD's headcount from 226.5 to 227.

6/24/2023, M23-71: Extend the termination date for the OCWD-SAWA Agreement for one year to June 19, 2024, and direct staff to draft a new agreement.

6/19/2013, R13-6-69: Approved and authorized execution of Santa Ana Watershed Program Agreement

## AGENDA ITEM SUBMITTAL

**Meeting Date:** January 9, 2025

**To:** Administration/Finance Issues Cte.  
Board of Directors

**From:** John Kennedy

**Staff Contact:** M. Patel

**Budgeted:** Partial

**Budgeted Amount:** \$1,300,000

**Final Cost:** \$1,436,100

**Funding Source:** R&R

**Program/ Line Item No.** R23008

**General Counsel Approval:** NA

**Engineers/Feasibility Report:** NA

**CEQA Compliance:** NA

---

**Subject:** ADDITIONAL FUNDS FOR WATER PRODUCTION R&R FUND 23008

---

### SUMMARY

The Water Production department maintains a Refurbishment and Replacement (R&R) fund account R23008 for unforeseen GWRS, GAP, and Fountain Valley campus building, electrical, structural and mechanical repairs. This account requires additional funding to close out the previous fiscal year 2023-24 accounting due to unforeseen additional expenses.

### RECOMMENDATION

Agendize for January 15 Board meeting: Authorize issuance of additional funds in the amount of \$136,100 to the Water Production Refurbishment and Replacement account R23008.

### BACKGROUND/ANALYSIS

The Water Production department is responsible for all operations and maintenance of GWRS, GAP as well as the Fountain Valley campus facilities. In order to account for unforeseen equipment failures or planned equipment replacements an R&R funding account is set aside each fiscal year for these expenditures. The R&R account, R23008, set aside for these expenditures for fiscal year 2023-24 was funded in the amount of \$500,000. As of March 2024, completed and planned expenditures for this account had left this account overdrawn by approximately \$103,000. A request for additional funds was approved by the Board for on April 18, 2024. This approval increased the total funding to \$1,300,000.

The main reason for the budget being expended prior to the end of the 2023-24 fiscal year had been unplanned refurbishment of a few key items with a large cost to fix or replace. One of those items is the failure of the main electrical cable that feeds power to seawater intrusion barrier wells I-29 to I-32. This failure occurred in August 2023. The cable was installed as part of the original GWRS construction in 2007. The main feeder power cable to these wells was found to be damaged and non-functional. In order to replace the cable an emergency repair was needed that required replacement of several hundred feet of electrical cable that necessitated two separate full lane closures in both Ellis Avenue and Beach Boulevard on two occasions. The total cost of the repair was \$107,000.

A second unexpected refurbishment item includes RO high pressure pump F01. This pump was found to have failed bearings that were discovered upon installation of new

membranes in unit F01 in December 2023. This pump ended up requiring all new bearings, seals, and a new shaft to be manufactured. The total cost of the effort to repair this pump was \$103,000.

A third unexpected expense was the requirement by California Division of Drinking Water (DDW) to require more precise online monitoring of peroxide residuals to the GWRS ultraviolet light advanced oxidation process (UV/AOP) as part of the revised operating permit conditions for the GWRS Final Expansion (GWRFE). This necessitated the procurement of a new style peroxide analyzer from the Hach Company to replace the existing Prominent brand online analyzer. The Hach analyzer will allow for more precise measurement of peroxide residuals while being more accurate in the presence of chloramines. The cost of this new online peroxide analyzer was \$38,000.

A fourth unexpected expense to highlight was the replacement of the sodium hypochlorite transfer pumps. The GWRS contains two large centrifugal pumps to allow transfer of sodium hypochlorite between storage tanks to evenly distribute chemical deliveries. The original transfer pumps experienced shaft and bearing failures whose repairs would have been nearly equivalent to the pump replacement costs. Both pumps are over 16 years old and the decision was made to replace both at a total cost of \$35,000.

Finally, as part of the planned RO membrane replacement project for RO trains F and G (containing a total of six, 5 mgd units) that occurred during the months of December 2023 and January 2024 it was discovered that all six units showed signs of failed or deteriorated high pressure pump carbon bearing material inside the pressure vessels. This indicates that the carbon bearing has likely partially or fully failed in multiple locations along the shaft of the high pressure pumps. All of the pumps that make up the six RO units of Trains F and G were supplied in 2014 as part of the GWRS Initial Expansion construction project. As stated earlier, the high pressure pump for RO unit F01 has already been repaired using funding from R23008 with all bearings replaced with a new non-carbon material. Staff then received Board approval on April 18, 2024 to have pump repair firms remove and repair the five other pumps in units F02, F03, G01, G02, and G03. The expense for these repairs also came from R&R account R23008 and was estimated at up to \$500,000.

The total final expenditures associated with the repair of the Train F and G pumps exceeded the revised total budget of \$1,300,000 for R23008 by \$136,100. Final invoices were not received until after the close of the fiscal year 2023-24 on June 30, 2024. In order to cover all expenses charged to R&R fund R23008, staff is seeking Board approval to add funds in the amount of \$136,100 which would then allow this account to be closed with no further expenses charged to it. Fiscal year 2024-25 has a new R&R budget account for similar expenditures.

**Subject: SEAL BEACH WELL CONSTRUCTION LOAN AGREEMENT**

---

### SUMMARY

At the November 15, 2024, the Board approved the Producers Well Construction Loan Program draft template Agreement. Seal Beach has submitted a request to be part of the loan program for \$4.45M. Staff recommends approving the agreement with Seal Beach.

Attachment: City of Seal Beach Application

### RECOMMENDATION

Agendize for January 15 Board meeting: Approve the Agreement with the City of Seal Beach.

### BACKGROUND/ANALYSIS

The Producers Well Construction Loan Program template Agreement was approved by the Board on November 15, 2024. It is a template agreement with the understanding that each Producer requesting to be part of the loan program may be slightly different and each Producer submits an application which is included in the Agreement.

In December 2024, the City of Seal Beach (City) submitted an application for the loan program. Although this is not a new well construction, it is a project to provide treatment for their high production Lampson Well (4,000 gpm) which has hydrogen sulfide and odor at higher flow rates. Treatment will provide a meaningful increase in the amount of groundwater the City can safely and reliably produce from the Basin.

The City hired a consultant, Pacific Advanced Civil Engineering, Inc. (PACE), to perform in-situ pilot testing of the wellhead discharge to determine the feasibility and effectiveness of treatment options to remove hydrogen sulfide. When pilot testing was complete, PACE also prepared a Preliminary Design Report. The wellhead treatment would be a hydrogen sulfide treatment system using granular activated carbon in pressure vessels and it would have a 50 year life expectancy. The City has demonstrated that this is a shovel ready project and CEQA has been completed also.

The City loan request is for \$4.45 million over a 20 year term. This is the first loan application received and staff recommends approving and executing the loan Agreement for the wellhead treatment system which will allow the City to pump up to the 85% basin production percentage. Once the loan Agreement is executed, the interest rate will be locked and then staff will amortize the loan at substantial completion of the project. This first loan will be funded from existing reserves. One adjustment to the loan Agreement from the template will be in the insurance section. The City has requested that OCWD be listed as additional insured under the awarded contractor's insurance rather than the City purchasing the insurance, which is acceptable.

### **PRIOR RELEVANT BOARD ACTION(S)**

11/20/24: Approve the Producers Well Construction Loan Program draft template Agreement.

9/18/24, R24-9-121: Implement a Producers Well Construction Loan Program and authorize legal counsel to prepare an appropriate agreement

7/17/24, M24-73: Direct staff to proceed with Producer discussions regarding a possible Producers well construction loan program.

**EXHIBIT "A"**  
**PROGRAM AWARD CRITERIA AND APPLICATION**

- I. Overall Criteria for Funding Producer Well Construction Projects:
  - a. Highest Priority to Significant New Production Capacity that the Producer Intends to Use as a Primary Source of Supply: Preference will generally be given by OCWD to well construction projects that produce new production capacity as a primary source of supply (rather than serving primarily as a back-up well). Projects that a Producer demonstrates will meaningfully increase the amount of groundwater the Producer can safely and reliably produce from the Basin will generally receive the highest priority.
  - b. New Wells Preferred: Addition of new wells, rather than replacement of existing wells, is generally preferred by OCWD absent evidence that an existing well is failing and the proposed replacement well will have significantly greater production capacity than the well that will be replaced.
  - c. Timeliness of application: OCWD will generally give priority to the earliest complete applications received, but reserves the right to prioritize later received applications where strong justification exists for such re-prioritization based upon the other criteria identified herein.
  - d. Shovel Ready: Is the Project shovel ready and has the Producer demonstrated that the Project can obtain required permits and approvals in a reasonable period of time?
  - e. PFAS: Will the Project require OCWD to expend additional funds on PFAS treatment after well construction is complete?
  - f. Cost: Projects that are of lower cost to the District, thereby allowing for the District to potentially fund more well projects for more Producers, may receive priority over Projects that are of higher cost to the District.
  - g. Participation in the Program Is not an Entitlement, and Shall Be Within the Sole Discretion of the OCWD Board:
    - i. Producer applicants must agree to sign the template loan agreement provided herein without material changes, in substantially the form provided herein. Requests for other than minor modifications to the template loan agreement will not be

considered by OCWD and may preclude the Producer from participating in the Program.

- ii. OCWD may, from time to time, develop such other criteria as the OCWD Board may direct, particularly where funds are insufficient to fund all complete applications for the Program.
- iii. The Program is entirely at the discretion of OCWD and creates no legal entitlement of any kind until such time as a loan Agreement is executed by OCWD and a Producer. Funding of the Program in any given year is at the sole discretion of the OCWD Board of Directors, and OCWD reserves the right to refuse to fund any or all proposed projects, in its sole and absolute discretion.

## II. Applicant's Information

A. Legal Name of Agency: **City of Seal Beach**  
\_\_\_\_\_  
B. Mailing Address: **211 8th Street, Seal Beach, CA 90740**  
\_\_\_\_\_  
\_\_\_\_\_

C. Applicant's Authorized Representative(s):

Name: **Iris Lee** Phone: **(562) 431-2527 x1322**  
\_\_\_\_\_  
Title: **Director of Public Works** Email: **ilee@sealbeachca.gov**  
\_\_\_\_\_  
Address: **211 8th Street , Seal Beach, CA 90740**  
\_\_\_\_\_

## III. Project Information

A. Well Designation: **Lampson Well**  
\_\_\_\_\_

B. Location (attach map(s) to indicate agency boundary and proposed new well location) **Preliminary Design Report attached.**

C. Estimated size of proposed facilities:

1. Well Capacity: 4,000 gpm  
24" OD 5/16" Wall Thickness
2. Casing diameter: \_\_\_\_\_ inches
3. Casing depth: 1,190 feet
4. Length of distribution pipeline: ±180 feet  
360-570; 930-980; 1,090-1,170
5. Targeted perforated intervals: \_\_\_\_\_ feet below ground surface
6. Treatment requirement (if any): Proposed Project: H2S Treatment System
7. Other:  
\_\_\_\_\_

D. Project Schedule

	Beginning	Ending
Design		<u>Completed</u>
Construction	<u>July 2025</u>	<u>December 2026</u>
Operation	<u>January 2027</u>	<u>+50 years</u>

E. What is the expected life of the project? 50+ years

#### IV. Preliminary Design

A. Has a preliminary design/hydrogeology report been initiated or completed?

Yes  No  If yes, please submit copies with your application.

B. What percent of preliminary design activities are completed? 100%

C. Estimated date of completion of preliminary design: Complete

D. Method for compliance with California Environmental Quality Act (CEQA)?

Categorically Exempt  Negative Declaration

E. Estimated date of CEQA compliance? Completed

F. Please list all required permits (including discharge requirements) and expected dates of receipt:

Type Permit/Agency

**City of Seal Beach**

Expected Date of Receipt

**Completed.**

## V. Technical Information

- A. Provide a brief description of the possible water quality problems at the proposed well site: **Hydrogen sulfide odor originating from decomposed organic material.**
- B. Do you have adequate data to determine the quality of the groundwater?

**Yes**  No  Date expected:

\_\_\_\_\_

- C. Do you have adequate data to determine the aquifer transmissivity in the vicinity of the proposed well site?

**Yes**  No  Date expected:

\_\_\_\_\_

## VI. Financial Information

A. Estimated project capital cost: \$ **4,450,000**

B. Estimated amount of OCWD funds requested:

\$ **4,450,000**

Cost Classification	OCWD Share (\$)	Applicant's Share (\$)	Total (\$)
Preliminary Design/Hydrogeology	<b>N/A</b>	<b>N/A</b>	<b>Completed</b>
Final Design	<b>N/A</b>	<b>N/A</b>	<b>Completed</b>
Construction w/ 10% contingency	<b>Construction, \$3.2M &amp; Supplemental Construction Support Services - \$150K</b>		<b>3,350,000</b>
Other (Land, right-of-way, etc.) <b>City Pre-Purchase Pressure Vessels</b>	<b>1,100,000</b>		<b>1,100,000</b>
Total Capital Cost	<b>4,450,000</b>		<b>4,450,000</b>

Lampson Well produced approx. 500 ac-feet in 2023, and approx 140 ac-feet from Jan to Oct 2024. Annual total water demand ~3200 ac-feet

- C. Current capacity (acre-feet/year) to produce groundwater in relation to the total annual water demand (acre-feet/year): \_\_\_\_\_ up to 4,000 gpm to reach 100% of demand
- D. Projected capacity following completion of this project: \_\_\_\_\_

Fund Repayment

Request term of repayment (the maximum term is 20 years): 20 years

Applicant Authorization

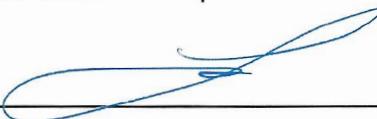

Submit a certified copy of resolution adopted by the governing body of the agency authorizing this applicant to the Orange County Water District Well Construction Program.

*Send completed application to:*

**Subject: BASIN PRODUCTION PERCENTAGE AND REPLENISHMENT ASSESSMENT ESTIMATES FOR FISCAL YEAR 2025-26**

---

### **SUMMARY**

The District annually provides an estimate of the Basin Production Percentage (BPP) and the Replenishment Assessment (RA) for the following fiscal year to assist the Groundwater Producers in preparing their annual budgets. Per the District Act, the RA and BPP must be set by the Board in the month of April.

Staff is currently preparing a recommended budget for review at the March 5, 2025, Board meeting which will directly impact the setting of the RA and BPP. The following estimates for the Fiscal Year (FY) 2025-26 RA and BPP are provided below.

Item	Current FY 2024-25	Estimated FY 2025-26
Combined Replenishment Assessment & Additional RA	\$688/acre-foot	\$711/acre-foot
Basin Production Percentage	85%	85%

Attachment: Presentation Material

### **RECOMMENDATION**

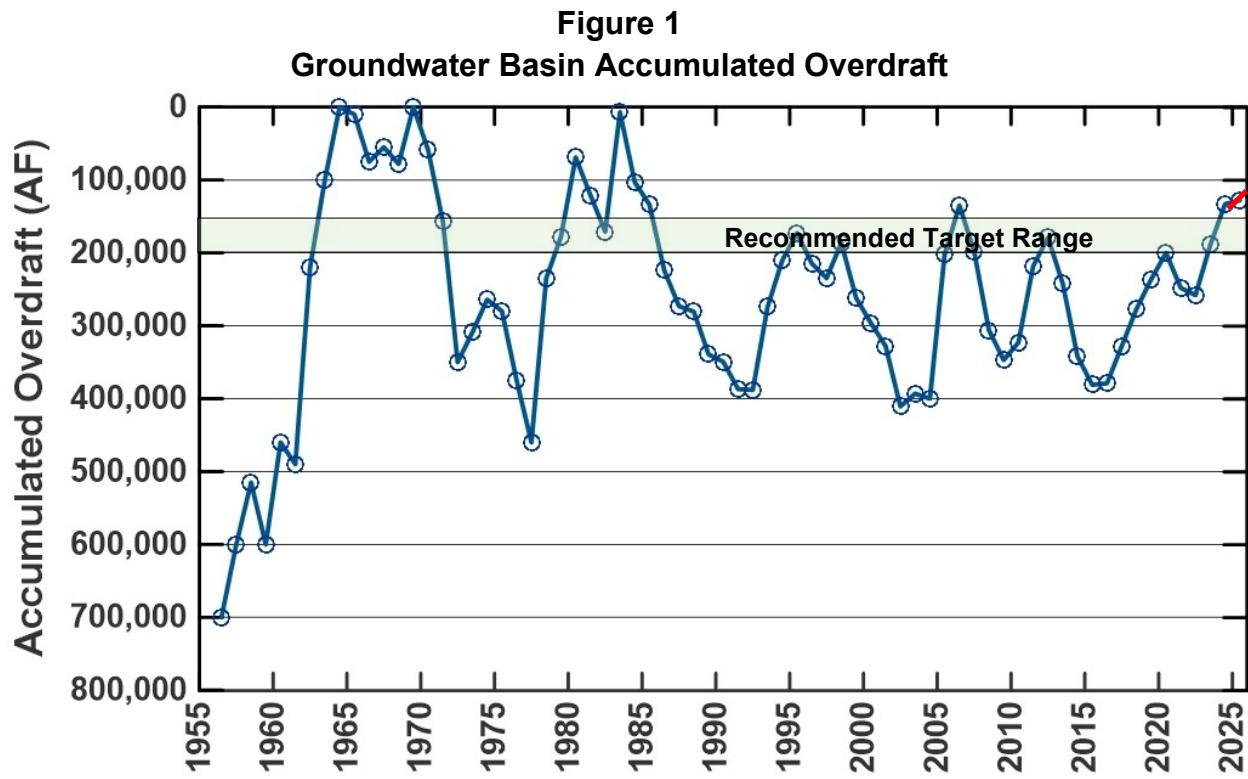

Agendize for January 15 Board meeting: Provide the Fiscal Year 2025-26 Replenishment Assessment and Basin Production Percentage estimates to the Groundwater Producers along with any additional Board comments.

### **BACKGROUND/ANALYSIS**

#### Establishing the Basin Production Percentage Projection

On June 30, 2024, the accumulated overdraft was 133,000 acre-feet. The groundwater basin's accumulated overdraft is currently projected to be in the area of 113,000 acre-feet as

of June 30, 2025, as shown in Figure 1 assuming average hydrology this winter. If the current year continues to be dry the accumulated overdraft could increase to somewhere in the area of 160,000 to 170,000 acre-feet. This estimate will be updated in March 2025. The recommended accumulated overdraft target ranges from 150,000 to 200,000 acre-feet.

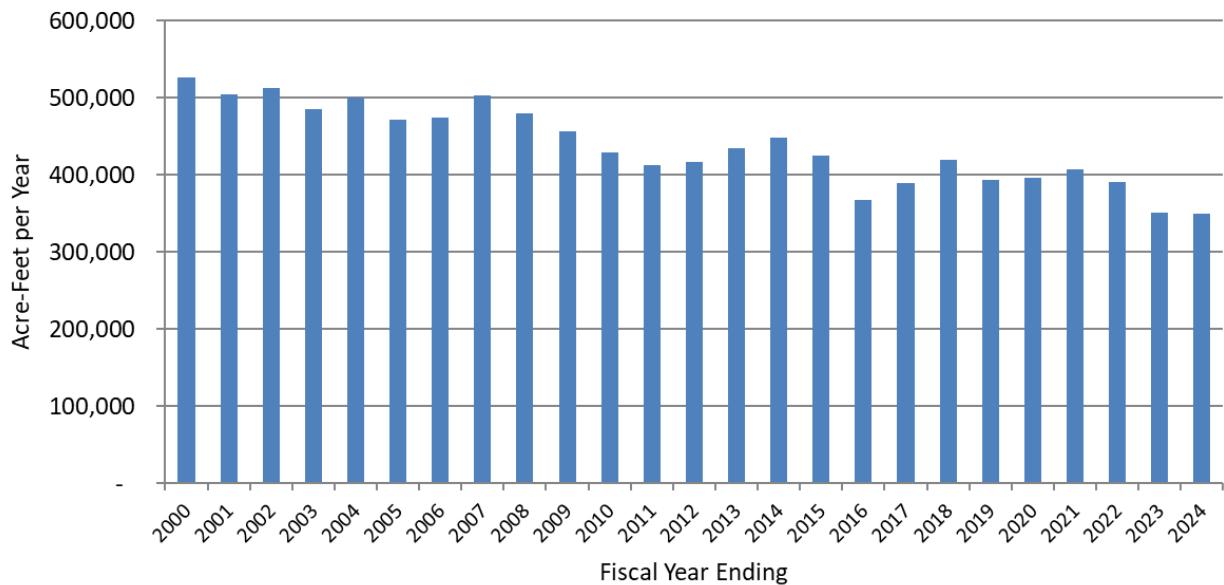

Historical total water demands (groundwater and imported water) of the 19 Groundwater Producers are shown in Figure 2. Total water demands in FY 2023-24 were low at 350,290 acre-feet due to conservation efforts and the above average rainfall that occurred. Water demands for the current fiscal year after five months are trending slightly higher than last year at the same point in time and staff expects total water demands to be slightly higher in FY 2024-25 assuming average hydrology. Staff estimates that total water demands will be approximately 370,000 acre-feet for FY 2025-26.

Staff recommends consideration to maintain the BPP at 85%. Staff estimates groundwater pumping will be approximately 297,000 acre-feet with an 85% BPP. Several factors need to be considered in setting the BPP and estimating the resultant groundwater pumping. They include:

- Staff is assuming the Groundwater Producers will not reduce their pumping from impacted wells since the Environmental Protection Agency (EPA) established a 4 ug/l Maximum Contaminant Level (MCL) for some PFAS compounds in early 2024. 40 additional wells are impacted and the new MCL gives the Producers until April 2029 to construct necessary treatment facilities. Staff would work to complete the new treatment facilities within that time frame.

- As was previously discussed, staff expects total water demands to be slightly higher next year.
- Approximately six Producers routinely pump above the BPP and can often pump 100% of their water needs. These Producers either have water quality projects designed to operate above the BPP or just prefer to operate their systems primarily on groundwater.
- Regarding those Producers impacted by PFAS, a significant number of treatment systems have or will come online this fiscal year allowing them to increase their groundwater pumping as compared to last year.
- The remaining Producers would be expected to pump up to or close to the 85% BPP absent any well capacity issues.
- The District has lowered the Basin Equity Assessment in FY 2024-25 by \$200 per acre-foot to encourage greater pumping above the BPP. This was in response to overall low groundwater pumping due to PFAS. Staff recommends discontinuing this financial incentive for FY2025-26, now that groundwater pumping is closer to normal.
- Groundwater pumping for FY 2024-25 is budgeted at 292,000 acre-feet and is tracking very close to this amount after the first five months of the year.

**Figure 2**  
**Historical Total Water Demands**

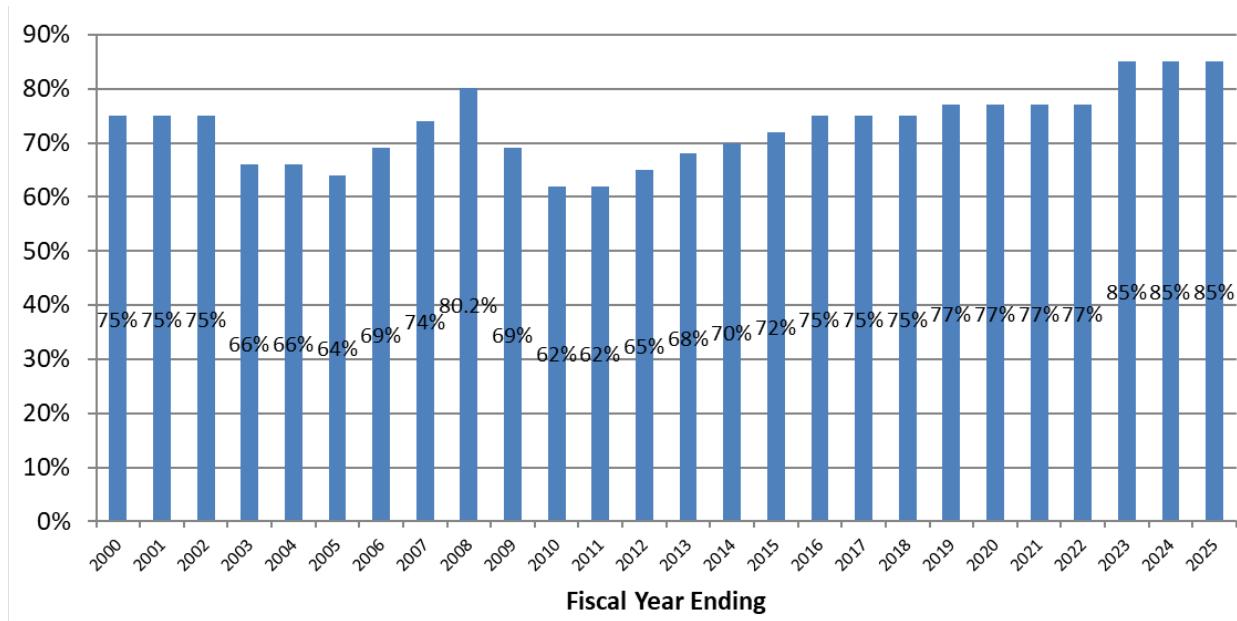

If the BPP remains at 85% for FY 2025-26, it would be the 16<sup>th</sup> year in a row the BPP has not decreased, which would be a record for OCWD. For reference, the historical BPP since FY 1999-00 is shown on Figure 3.

Expected source waters to recharge the groundwater basin in FY 2025-26 are shown on the following Table 1. The groundwater basin's accumulated overdraft would decrease by approximately 20,000 acre-feet assuming average hydrology for the year with the 85% BPP. With this tentative plan, if a relatively dry year were to occur, the accumulated overdraft would only increase by approximately 30,000 acre-feet.

## Replenishment Assessment (RA) Projection

The RA is determined by taking total expected operating costs, which primarily consist of the general fund, debt service, water purchases and the Refurbishment & Replacement transfer amount, subtracting non-RA operating revenues, and dividing this net amount by expected groundwater basin pumping.

**Figure 3**  
**Historical Basin Production Percentage**

**Table 1**  
**Expected FY 2025-26 Groundwater Basin Water Balance**

Sources	Amount (af)
Captured Santa Ana River Baseflows (1)	74,000
Captured Santa Ana River Stormflows (2)	72,000
Natural Incidental Recharge (2)	40,000
MWD Untreated Full Service water	0
GWR System	128,000
Alamitos Barrier	<u>3,000</u>
<b>Total water recharged</b>	<b>317,000</b>
Expected Basin Pumping at 85% BPP	<b><u>297,000</u></b>
Planned basin refill (decrease to accumulated overdraft)	20,000

Notes (1) Past five year average

(2) 50% chance of occurring based upon past rainfall records

The District's department heads are beginning the preparation of their budgets which will be presented to the Board on March 5, 2025. The RA is currently \$688 per acre-foot and is expected to increase to approximately \$711 per acre-foot. The primary reasons for the increase is that staff is recommending to budget 5,000 acre-feet of potential Metropolitan Water District (MWD) untreated water purchases at a cost of approximately \$4.8 million in FY 2025-26. The current budget has no money for purchasing MWD water.

In general, it is a good basin management strategy to budget money for MWD untreated water purchases. During years when no water is purchased, this money stays in the water fund for future purchases. The two primary benefits of this strategy include:

- This program allows the District to conjunctively operate with the MWD imported water system. During drought years and reductions to imported water supplies, OCWD can overdraft the groundwater basin if necessary, knowing that funding is available to refill the basin when wet periods occur.
- Eventually the water is pumped out of the groundwater basin by the Groundwater Producers, disinfected and served to their customers. This operation reduces the amount of treated imported water that is purchased by the Groundwater Producers, which currently costs \$1,395/acre-foot, resulting in a net water supply savings to the region.

Additionally, staff is recommending increasing the PAYGO contribution from \$5M to \$8M for Sunset Gap future costs, a \$3M increase in the General Fund for sediment removal behind Prado Dam and \$2.5 million contribution to the Producer well loan program to assist all Producers in pumping up to and over the 85% BPP.

These four proposed increases are partially offset by a decrease to the amount of money collected to construct necessary PFAS systems. The District needs to collect approximately \$250 million over the next 4 years to fund the 40 wells impacted by the EPA's 4 ug/l PFAS MCL without issuing any long-term debt. Grants and potential litigation settlements will assist in providing the necessary funding. \$58 million of PFAS funding is in the current FY 2024-25 budget. Staff will recommend decreasing this amount to approximately \$53 million in March 2025 for FY 2025-26.

**PRIOR RELEVANT BOARD ACTION(S): N/A**

# **FY 2025-26 Basin Production Percentage and Replenishment Assessment Estimates**

Administration/Finance Issues Committee

January 9, 2025

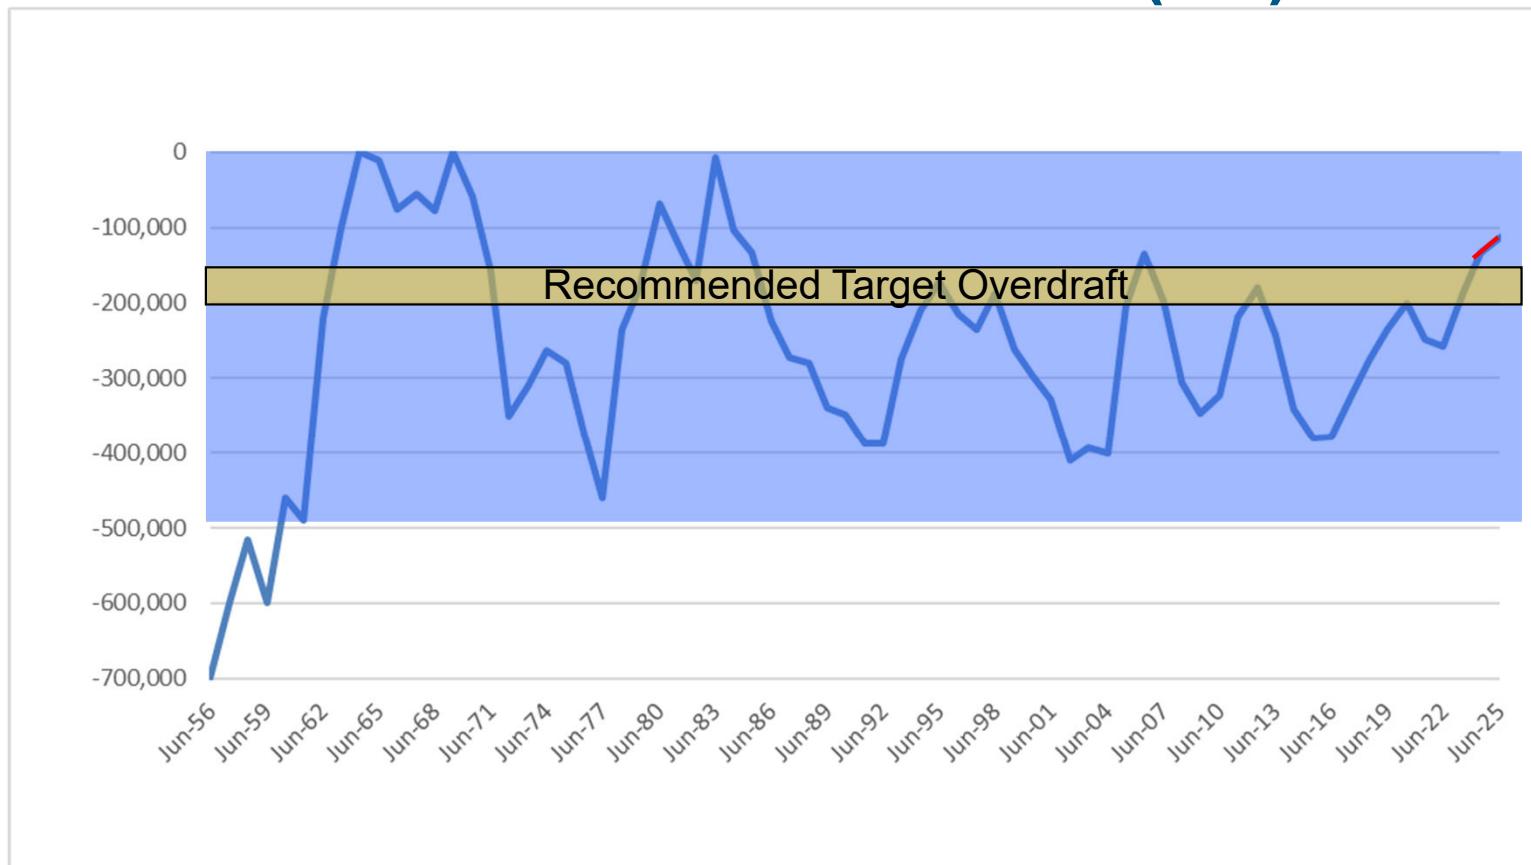

## Background

- FY 2025-26 Basin Production Percentage (BPP) and Replenishment Assessment (RA) must be established in April 2025 per the District Act
- A Public Hearing will be scheduled for April 16, 2025
- Groundwater Producers annually ask OCWD to provide preliminary RA and BPP estimates in January to assist with their budget preparation

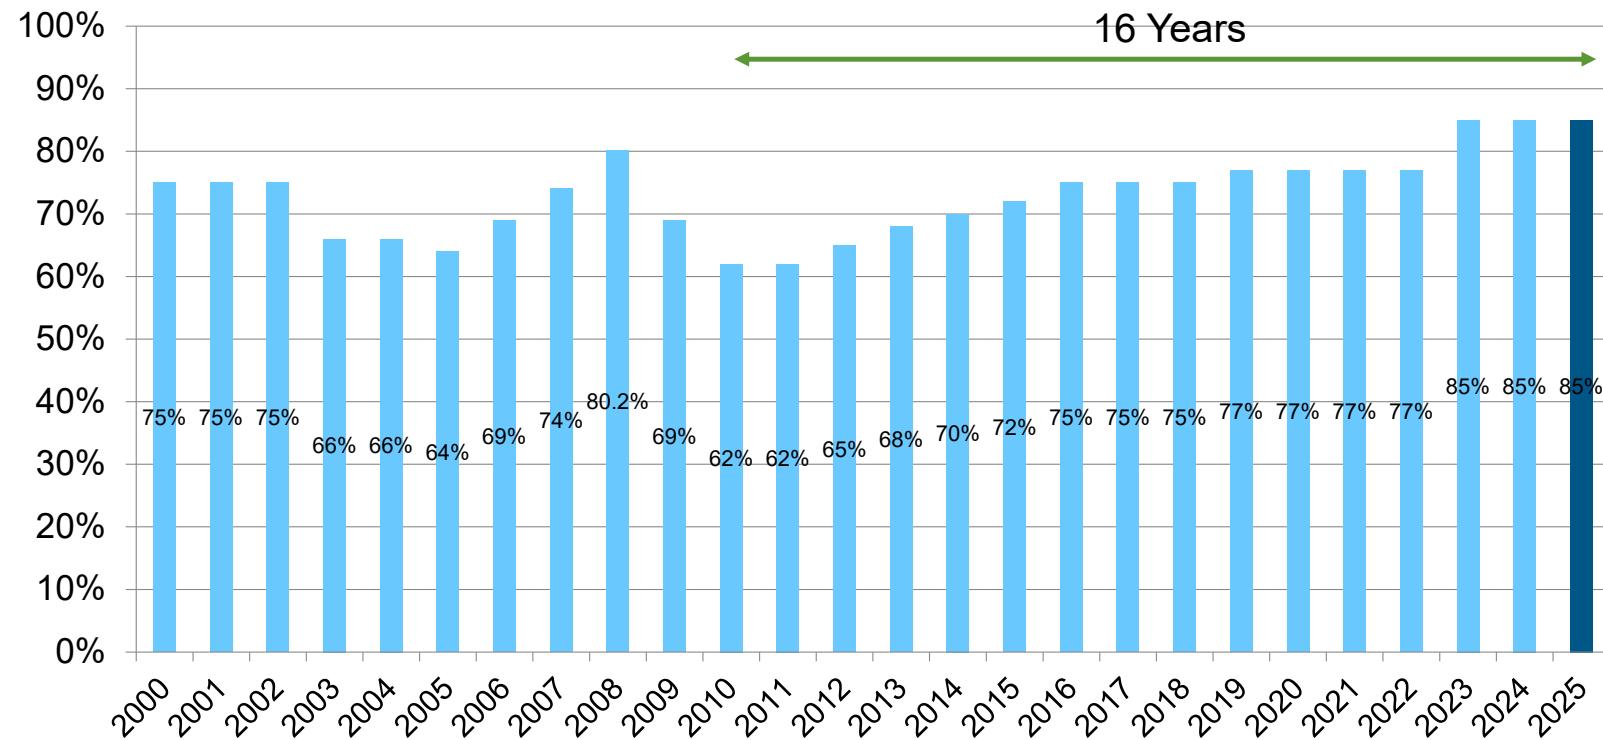

# **Basin Production Percentage**

ORANGE COUNTY WATER DISTRICT

# OCWD Groundwater Basin Accumulated Overdraft (AF)

# Historical Basin Production Percentage

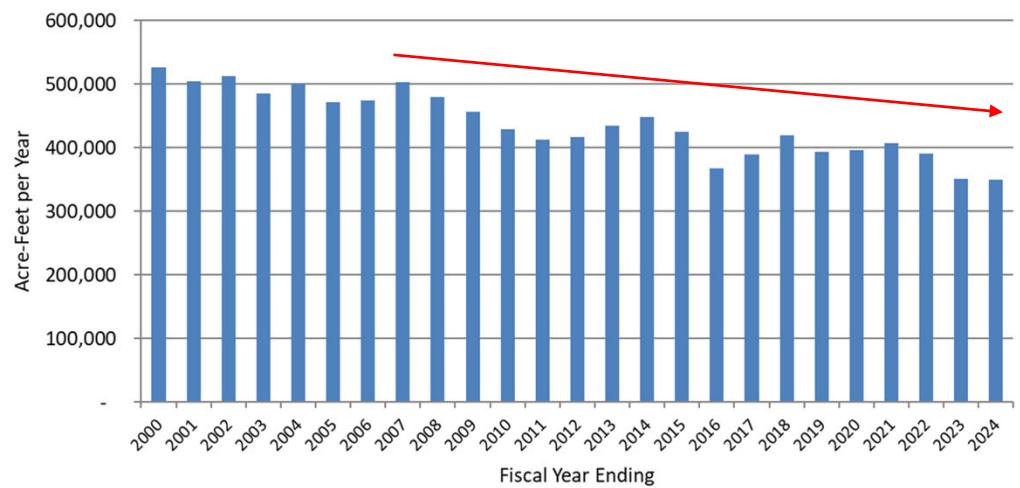

## BPP Issues

- Currently at 85%
- Groundwater pumping increased with PFAS treatment systems online
- Groundwater basin is in very good condition
- Imported water supplies are available

## BPP Issues

- Total water demands continue declining
- Maintain BPP at 85%
  - Expect basin pumping to be ~297,000 acre-feet
  - Assuming Groundwater Producers will continue pumping wells impacted by EPA new 4.0 ppt PFAS MCL
- The accumulated overdraft would decrease by approximately 20,000 acre feet with average hydrology

# FY 2025-26 Groundwater Basin Water Balance

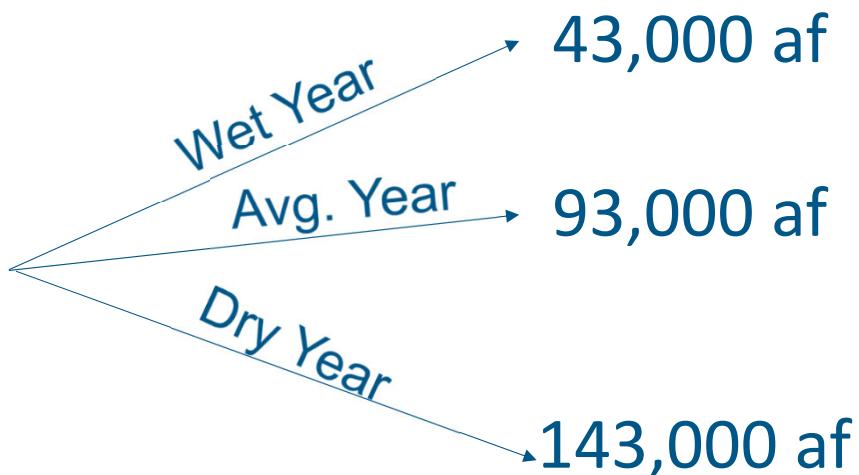

Water Source	Amount (afy)
SAR Baseflow	74,000
SAR Stormflows	72,000
Incidental Recharge	40,000
GWR System	128,000
MWD untreated supplies	0
Other	<u>3,000</u>
Total Water Into Basin	317,000
Expected Pumping @ 85% BPP	<u>297,000</u>
Subtotal Basin Gain/(Loss)	20,000

# FY25-26 Accumulated Overdraft Projection

July 1, 2025

113,000 af  
Projection

June 30, 2026

# **Replenishment Assessment**

ORANGE COUNTY WATER DISTRICT

## Replenishment Assessment (RA) Issues

- Staff is preparing FY2025-26 Draft Budget
- Board will review draft budget on March 5, 2025
- Continue accumulating funding for the next phase of wells needing PFAS treatment
  - 40 wells = \$250 million capital cost
  - Maximize grant and legal settlements, avoid long-term debt
- Maintain AAA credit rating metrics per Board policy

# Replenishment Assessment (RA) Issues

## Other Budget Impacts

- Assumed 3% General Fund increase due to inflation
- Increasing the General Fund to remove sand from behind Prado Dam
- Includes \$6 million paying 50% of Producers PFAS O&M cost
- Begin building funds for Producer Well Loan Program - \$2.5 million
- 7% programed increase to R&R Fund contribution
- Add 5,000 af of purchases of MWD imported water – if not purchased funds stay in water reserve
- RA would increase from \$688/af to \$711/af

# Recommendation

Provide the FY2025-26 RA and BPP estimates to the Groundwater Producers along with any additional Board comments

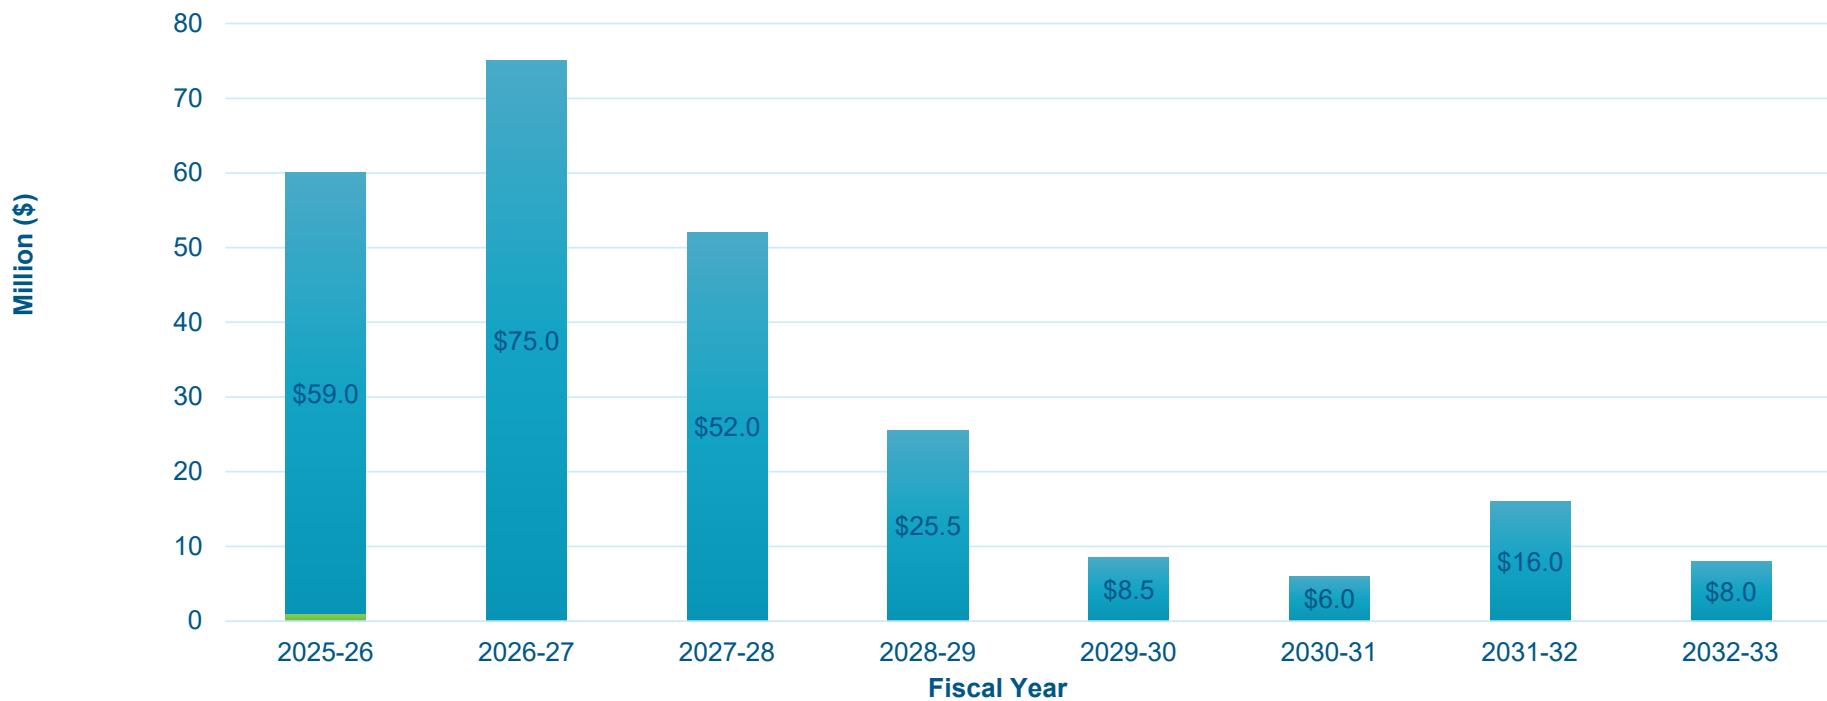

BPP	85%
RA	\$711/af

**End of Presentation**

## FY2025-26 RA Calculation

Items	FY24-25 (Millions)	FY25-26 (Millions)	Change In RA
General Fund (Includes PFAS O&M)	\$110.2	\$117.4	\$24
Water Purchases	\$6.0	\$11.6	\$18
Debt Service	\$46.5	\$45.1	(\$5)
PAYGO Program for Capital Projects	\$63.0	\$61.0	(\$7)
Retiree Medical Benefit	\$0.6	\$0.6	\$0
Small Equipment	\$0.9	\$0.9	\$0
Producer Well Loan Program	\$0.0	\$2.5	\$8
R&R Fund Transfer	\$27.0	\$28.9	\$6
<b>Total Expenses</b>	<b>\$254.7</b>	<b>\$268.0</b>	<b>\$45</b>
Non-RA Revenues	\$53.8	\$57.1	(\$11)
<b>Net Expenses</b>	<b>\$200.9</b>	<b>\$210.9</b>	<b>\$34</b>
Expected Pumping (85% BPP)	292,431 af	297,016 af	(\$11)
Replenishment Assessment	\$688/af	\$711/af	\$23

## Phase 2 - PFAS Estimated Capital Spending (40 WELLS - ~\$250 MILLION)

## AGENDA ITEM SUBMITTAL

**Meeting Date:** January 9, 2025

**CEQA Compliance:** N/A

---

**Subject:** **MONTHLY CASH DISBURSEMENTS REPORT**

### SUMMARY

The Committee requested that staff provide information related to the District's cash disbursements and that it be included for review at Administration/Finance Issues Committee meetings.

Attachments: Cash Disbursements Reports for the period November 28, 2024 – December 25, 2024

### RECOMMENDATION

Informational

### BACKGROUND/ANALYSIS

At the request of the Committee, the Cash Disbursements reports are included in detail for review at Administration/Finance Issues Committee meeting. They are also included in the Board packet to be ratified. Checks numbered with a series beginning with an 8 represent normal automated system vendor check payments, checks numbered with an 80 represent vendor payments via single use account, and checks numbered with a series beginning with a 9 are manual checks or wire transfer disbursements.
