

AGENDA

18700 Ward St.
Fountain Valley, CA 92708
(714) 378-3200

REGULAR MEETING
GROUNDWATER REPLENISHMENT SYSTEM STEERING COMMITTEE
(A Committee of Orange County Water District
and Orange County Sanitation District Directors*)
18700 Ward Street, Fountain Valley
Monday, July 14, 2025 5:00 p.m.

* Orange County Water District Notice: The GWRS Steering Committee (SC) meeting is being noticed as a joint meeting with the Orange County Water District (OCWD) Board of Directors and Orange County Sanitation District (OC San) Board of Directors for the purpose of strict compliance with the Brown Act and it provides an opportunity for all Directors to hear presentations and participate in discussions. The SC has been delegated limited authority by the OCWD and OC San Boards of Directors. Agenda items requiring Board approval will be placed on future OCWD and/or OC San Board meeting Agendas. OCWD Directors receive no additional compensation or stipend as a result of simultaneously convening this meeting.

Computer Audio: Please click the link below to join the Zoom webinar:
<https://ocwd.zoom.us/j/85227343996>

Webinar ID: 852 2734 3996

Telephone Audio: (213) 338 8477

Teleconference Site:
10382 Bonnie Drive, Garden Grove
15310 Barranca Parkway, Irvine
1454 Madison Street, Tustin
1502 North Broadway, Santa Ana
19 Cannery, Buena Park

* Members of the public may attend and participate at all locations.

PLEDGE OF ALLEGIANCE

ROLL CALL

VISITOR PARTICIPATION

Time has been reserved at this point in the agenda for persons wishing to comment for up to three minutes to the Board of Directors on any item that is not listed on the agenda, but within the subject matter jurisdiction of the District. By law, the Board of Directors is prohibited from taking action on such public comments. As appropriate, matters raised in these public comments will be referred to District staff or placed on the agenda of an upcoming Board meeting.

At this time, members of the public may also offer public comment for up to three minutes on any item on the Consent Calendar. While members of the public may not remove an item from the Consent Calendar for separate discussion, a Director may do so at the request of a member of the public.

ITEMS RECEIVED TOO LATE TO BE AGENDIZED

RECOMMENDATION: Adopt resolution determining need to take immediate action on item(s) and that the need for action came to the attention of the District subsequent to the posting of the Agenda (requires two-thirds of the Board members present, or, if less than two-thirds of the members are present, a unanimous vote of those members present.)

CONSENT CALENDAR (ITEM NO. 1)

All matters on the Consent Calendar are to be approved by one motion, without separate discussion on these items, unless a Board member or District staff request that specific items be removed from the Consent Calendar for separate consideration.

1. MINUTES OF PREVIOUS MEETING

RECOMMENDATION: Approve Minutes of the April 14, 2025 GWRS Steering Committee meeting as presented

END OF CONSENT CALENDAR

MATTER FOR CONSIDERATION

2. GWRS STEERING COMMITTEE SCHEDULE CHANGE

RECOMMENDATION: 1) Option 1: Continue with quarterly GWRS Steering Committee meetings on the second Monday of the month each January, April, July, and October;

2) Option 2: Change GWRS Steering Committee meeting schedule to semiannually with more frequent meetings as needed

In accordance with the requirements of California Government Code Section 54954.2, this agenda has been posted for viewing at the guard shack entrance and in the main lobby of the Orange County Water District, 18700 Ward Street, Fountain Valley, CA not less than 72 hours prior to the meeting date and time above. All written materials relating to each agenda item are available for public inspection in the office of the District Secretary. Backup material for the Agenda is available at the District offices for public review and can be viewed online at the District's website: www.ocwd.com.

Pursuant to the Americans with Disabilities Act, persons with a disability who require a disability-related modification or accommodation in order to participate in a meeting, including auxiliary aids or services, may request such modification or accommodation from the District Secretary at (714) 378-3234, by email at cfuller@ocwd.com by fax at (714) 378-3373. Notification 24 hours prior to the meeting will enable District staff to make reasonable arrangements to assure accessibility to the meeting.

As a general rule, agenda reports or other written documentation has been prepared or organized with respect to each item of business listed on the agenda, and can be reviewed at www.ocwd.com. Copies of these materials and other disclosable public records distributed to all or a majority of the members of the Board of Directors in connection with an open session agenda item are also on file with and available for inspection at the Office of the District Secretary, 18700 Ward Street, Fountain Valley, California, during regular business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday. If such writings are distributed to members of the Board of Directors on the day of a Board meeting, the writings will be available at the entrance to the Board of Directors meeting room at the Orange County Water District office.

**MINUTES OF THE MEETING
GROUNDWATER REPLENISHMENT SYSTEM STEERING COMMITTEE
Monday, April 14, 2025**

OC San Director Gallagher called the Groundwater Replenishment System Steering Committee meeting to order in the OCWD Boardroom. Public access was also provided via Zoom webinar. Following the Pledge of Allegiance to the flag, the Secretary called the roll and reported a quorum.

CONSENT CALENDAR

The Consent Calendar was approved upon motion by Director Green, seconded by Director Dumitru and carried [5-0] as follows.

Yes –Gallagher, Green, Wanke, Dumitru, Tran

1. Minutes of Previous Meeting

The minutes of the GWRS Steering Committee meeting held January 13, 2025, are approved as presented.

INFORMATIONAL ITEMS

2. History of the GWRS Steering Committee

Executive Director of Operations/GWRS Mehul Patel recalled that at the January GWRS Steering Committee meeting, the chair requested a document to summarize the history of the committee. He advised that the GWRS Steering Committee was originally called the Joint Cooperative Committee, JCC, and was first formed on March 6, 1997. He stated that the JCC was formed to oversee planning, design, and construction activities associated with development of the GWRS. He noted that the role of the committee was to facilitate day-to-day decision making on key issues associated with the development of the GWRS with all final approvals required by both full Boards of the Orange County Water District (OCWD) and Orange County Sanitation District (OC San). Mr. Patel reported that the GWRS Steering Committee currently meets on a quarterly basis and is comprised of three members from the Boards of OCWD and OC San and stated that the current role of the committee continues to be to advise staff as needed. OC San Director Gallagher stated that quarterly meetings may no

longer be necessary and requested that staff return to the next meeting in July with meeting schedule options for the Committee to consider.

3. GWRS Operating Budget Summary

Mr. Patel provided an overview of the Water Production Group work plan and the proposed Fiscal Year 2025-2026 line-item department budget for GWRS. He stated that the total recommended 2025-26 Budget is \$58 million, including \$1,000,000 demand response credit and excludes both Alamitos barrier and GAP costs.

4. GWRS Operations Update

Mr. Patel reported that the daily production for the quarter, January to March 2025, was 111 mgd. He stated that production was limited during this period due to limited recharge capacity due to high groundwater levels. He stated that as of March 31, 2025, the GWRS Fiscal Year 2024-25 production total is 84,255 af which is 11,831 af below the target production of 96,086 af.

5. GWRS First Quarter Outreach Report (January - March)

Director of Public Affairs Gina Ayala reported that for the first quarter of 2025 a total of 39 GWRS tours were conducted accounting for 898 guests. She stated that the Next Generation Water Leaders program was revamped to include video and trivia to peak interest of students and will undergo further updates to meet educational standards and maximize student engagement. Ms. Ayala noted that staff is exploring ways to update tour displays throughout the GWRS plant.

ADJOURNMENT

There being no further business to come before the Committee, the meeting was adjourned at 5:40 p.m.

OC San Director Ryan Gallager, Chair

Subject: GWRS STEERING COMMITTEE SCHEDULE CHANGE

SUMMARY

Oversight and stewardship of the Groundwater Replenishment System (GWRS) is managed by the GWRS Steering Committee. The GWRS Steering Committee currently meets on a quarterly basis and is comprised of three members each from the Boards of the Orange County Water District (OCWD) and the Orange County Sanitation District (OC San). Staff has summarized options to change the frequency of meetings going forward.

RECOMMENDATION

Option 1: Continue with quarterly GWRS Steering Committee meetings on the second Monday of the month each January, April, July, and October.

Option 2: Change GWRS Steering Committee meeting schedule to semiannually with more frequent meetings as needed.

DISCUSSION/ANALYSIS

The GWRS Steering Committee was originally called the Joint Cooperative Committee or JCC and was first formed on March 6, 1997. The JCC was formed to oversee planning, design, and construction activities associated with development of the GWRS. The role of the committee was to facilitate day-to-day decision making on key issues associated with the development of the GWRS. However, all final approvals of key governance and financial decisions for the development of the GWRS were required by both full Boards of the OCWD and OC San. The specific role of the JCC is explained in detail and memorialized in the Joint Exercise of Powers Agreement for the Development, Operation, and Maintenance of the Groundwater Replenishment System and Green Acres Project (joint agreement) document dated November 12, 2002.

The current role of the GWRS Steering Committee continues to be to advise staff as needed. The key item brought to the GWRS Steering Committee currently is the required GWRS operations and maintenance (O&M) budget that is presented at the April meeting each year. Presentation of this budget by OCWD staff is required by the joint agreement to ensure OCWD is properly financing the O&M of the GWRS facilities. This allows OC San to ensure their initial investment into the GWRS project is being properly maintained.

Upon completion of the GWRS Final Expansion, the frequency of meetings remains quarterly during the second Monday of the months of January, April, July, and October. Two of the four committee meetings have standing agenda items. As mentioned previously the April meeting is designated for OCWD staff to present the upcoming fiscal year's budget to operate and maintain the GWRS. The January meeting includes the standing agenda item to appoint the committee chair.

Going forward the meeting frequency could be reconsidered given that the GWRS is fully built out and major issues have been addressed. At the April 2025 GWRS Steering Committee meeting staff was asked to come up with suggested possible changes to future meeting frequency. Staff would like to offer up two choices for the committee to consider:

- Option 1: Continue with quarterly GWRS Steering Committee meetings on the second Monday of the month each January, April, July, and October.
- Option 2: Change GWRS Steering Committee meeting schedule to semiannually with more frequent meetings as needed. Meetings would occur in April and October of each year.

Staff believe both options are viable. Option 2 would leave open the possibility of more frequent meetings should new issues arise that require the committee to meet more often.

Subject: GWRS OPERATIONS UPDATE

SUMMARY

Operation of the Groundwater Replenishment System (GWRS) commenced on January 10, 2008. The GWRS operations update will be discussed at the Committee.

Attachment: GWRS Operations Update Presentation

RECOMMENDATION

Informational

DISCUSSION/ANALYSIS

Since startup in 2008, GWRS continues to produce water that meets regulatory requirements. The quality of the secondary effluent received from the Orange County Sanitation District (OC San) continues to meet all water quality requirements while operating in the nitrified/denitrified (NDN) mode. The GWRS Microfiltration (MF) and Reverse Osmosis (RO) treatment processes have benefited in overall operational improvements as a result of OC San's efforts to successfully maintain stable operation in the NDN mode.

On December 12, 2022, OC San Plant 2 water was introduced to GWRS for use in normal production for the first time. This marked a milestone in the GWRS Final Expansion construction project that now allows for functional use of the newly constructed facilities at OC San Plant 2. GWRS production was able to go above 100 million gallons per day (mgd) as of December 12, 2022 as a result of this milestone.

The average daily production for the quarter, April through June 2025 was 103 mgd. The quarterly average is lower than the previous quarter due to a planned one-week outage from June 2 to June 6. The yearly medium voltage electrical preventative maintenance requiring GWRS to be offline along with other preventative maintenance work was performed during the planned outage. Production was again limited during this reporting period of April to June 2025 due to limited recharge capacity due to high groundwater levels. This includes a decrease in both seawater intrusion barrier and mid-basin injection flow

requirements. This has resulted in a maximum production limit of 115 mgd on a day-to-day basis over the last quarter period of April to June 2025.

Operation at a reduced production flow of 90 mgd from the beginning of the current 2024-2025 fiscal year (which started on July 1, 2024) until November 14, 2024 along with continued high groundwater levels limiting injection demand will result in OCWD not meeting the GWRS fiscal year production goal of 128,000 acre-feet (af).

The GWRS effluent production for the months of April to June 2025 is shown in the following tables:

**GWRS EFFLUENT PRODUCTION
(April to June 2025)**

	April 2025 (million gallons)	April 2025 (acre-feet)
Mira Loma, Kraemer/Miller Basin Recharge, Mid Basin Injection, Artic, and Canyon Power	2,786	8,550
Seawater Intrusion Barrier	443	1,358
Total	3,229	9,908

	May 2025 (million gallons)	May 2025 (acre-feet)
Mira Loma, Kraemer/Miller Basin, Recharge, Mid Basin Injection, Artic and Canyon Power	3,052	9,366
Seawater Intrusion Barrier	456	1,400
Total	3,508	10,766

	June 2025 (million gallons)	June 2025 (acre-feet)
Mira Loma, Kraemer/Miller Basin Recharge, Mid Basin Injection, Artic and Canyon Power	2,262	6,941
Seawater Intrusion Barrier	422	1,296
Total	2,684	8,237

The graph below (reconfigured from past reports to now be shown as a bar chart per committee member direction) shows the actual fiscal year 2024/2025 production to date compared to the target production of 128,000 af. As of June 30, 2025 the GWRS Fiscal Year 2024-2025 final production total is 113,177 af which is 14,823 af below the target production of 128,000 af. However, even though the original target production of 128,000 af was not met, the 113,177 af production achieved in Fiscal Year 2024-2025 is the highest ever for GWRS. The previous record for fiscal year production for GWRS was 106,643 achieved in Fiscal Year 2023-2024. As explained earlier in this report, the production short fall for the fiscal year as compared to the production goal was expected

due to the Sunflower trunkline and pump station issues at OC San Plant No. 1 limiting flows available to GWRS as well as high groundwater levels limiting injection flow demands.

GWRS Operations Update

Mehul Patel, P.E., BCEE
Executive Director of Operations

July 14, 2025

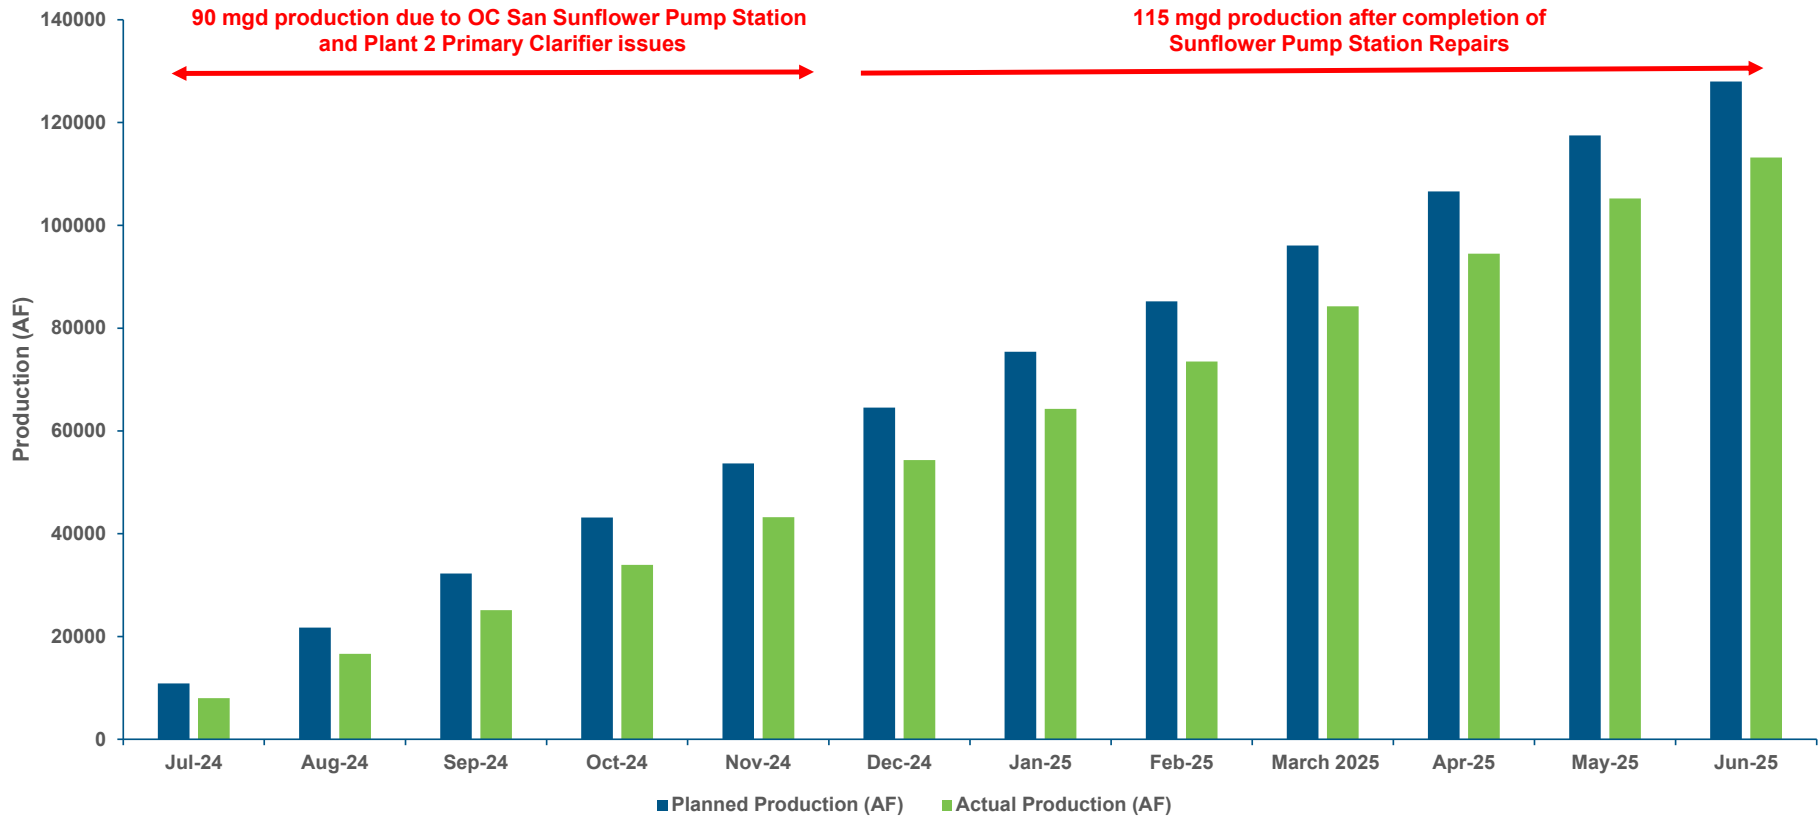

GWRS Production Limitations (FY24-25)

- FY 2024-2025 GWRS production goal is 128,000 acre feet
 - Final FY production was 113,177 acre feet which is a record for GWRS
- Planned GWRS outage June 2-6 for preventative maintenance activities
- High groundwater levels limited injection flows to seawater intrusion barrier and mid-basin wells
- OC San operational issues have limited available treated wastewater for a portion of the current fiscal year
 - **Current production is 115 mgd**

FY24-25 Actual Versus Planned Production (128,000 AF Goal)

DISCUSSION/ANALYSIS

GWRS Tours

There were 32 GWRS tours during the second quarter of 2025. The tours accounted for 533 guests. The following is a list of groups, companies, schools, and organizations who participated in the tours:

Second quarter tours:

- April 1 – Suez Australia
- April 4 – Rosary Academy
- April 8 – Salt River Authority
- April 10 – Reno Delegation
- April 10 – Hazen and Sawyer
- April 11 – Coastkeeper/Santiago High School
- April 14 – Guests of Assemblyman Tri Ta
- April 15 – Moulton Niguel Water District and Denmark Contingency
- April 25 – Brown & Caldwell and AECOM
- April 28 – McCarthy
- April 30 – Cypress College
- May 6 – CSU Fullerton Nursing
- May 7 – Servite High School (2 tours)

- May 7 – CMUA
- May 9 – Public Tour
- May 9 – UCI and Black & Veatch
- May 10 – Orange County Girl Scouts
- May 12 – UCI Environmental Engineering
- May 13 – UCLA Engineering
- May 14 – LG Nano H2O, LLC
- May 16 – Orange Coast College
- May 19 – Estancia High School
- May 20 – Estancia High School Engineering Class
- May 23 – Newport Mesa Adult Education
- May 28 – CDM Smith
- May 29 – Reata Glenn Senior Living
- May 29 – CalWEP
- May 30 – CWEA SARBS
- June 4 – CSU Fullerton Nursing
- June 13 – Viet Ecology Foundation
- June 19 – Huntington Beach Fire Department
- June 25 – Fountain Valley Police

In FY 24-25, 2,095 attendees from 116 groups toured the GWRS.

The GWRS [on-demand technical virtual tour](#), in all forms, has been viewed more than 15,200 times. The [on-demand general virtual tour](#), in all forms, has been viewed more than 6,500 times.

The GWRS tour program is currently undergoing enhancements. These enhancements will be led by an ad hoc committee.

Speakers Bureau

Below is a listing of the April, May and June speakers' bureau engagements that included a portion of the presentation about the GWRS.

- April 15 – OCWD General Manager John Kennedy provided an OCWD overview and GWRS virtual tour during the Measurement Science Conference
- April 17 – OCWD Director of Public Affairs Gina Ayala spoke on the panel “Should We Call It Pure Water?” during a meeting of the Orange County WaterReuse chapter
- April 23-24 – Staff from OCWD departments hosted activities at the Children’s Water Education Festival which featured the GWRS
- May 1 – OCWD Director of Engineering Ryan Bouley, Engineer Audrey Perry, and Senior Engineer Larry Esguerra participated in the 2025 Public Works Summit
- May 13 – OCWD General Manager John Kennedy spoke on the panel “Global Ambition for Reuse” at the 2025 Global Water Summit

- OCWD Communication Specialists Michelle Diaz and Rose Wilke hosted an information booth at the OC Green Expo where they educated attendees about the GWRS
- OCWD Chief Hydrogeologist Roy Herndon and Principal Hydrogeologist Bill Leever presented a webinar about controlling seawater intrusion to the Ground Water Protection Council. GWRS water is used in OCWD's seawater intrusion barrier.

In FY 24-25, board members and staff participated in 26 speaking engagements that included information on the GWRS.

Media

There were 260 global news hits for the GWRS. This number reflects multiple hits of the same story. The total reach for the combined articles was 202.4 million. The news clip report is attached.

In FY 24-25, there were 811 global news hits for the GWRS with a total reach of 463 million.

Electronic Publications:

- Staff wrote and distributed the April, May and June issues of Hydrospectives, OCWD's monthly e-newsletter, which mention or feature articles about the GWRS.
- Staff wrote and distributed the [spring](#) and [summer](#) issues of OC San Connection, OC San's quarterly newsletter, which mentioned the GWRS.

Website

There were 4,672 views of the GWRS portion of OCWD's website, nearly a 1,000 view increase. The top three web pages within the GWRS section of the website were: 1) GWRS, 2) in person small group/individual tours, 3) in person group tours.

In FY 24-25, there were 15,923 views of the GWRS portion of OCWD's website.

Awards

The video titled *The Power of Water Recycling: OCWD in Action*, won a Blue Pencil and Gold Screen Award from the National Association of Government Communicators. The video, created for the Next Generation Water Leaders Program, provides an introduction of the GWRS in a fun and humorous way.

In FY 24-25, the GWRS also received the Excellence in Water Reuse Performance, Industry & Sustainability Awards from the International Desalination and Reuse Association.
