## **INSPIRE THE NEXT GENERATION! JOIN THE NATION'S LARGEST WATER EDUCATION FESTIVAL AT A NEW OC LOCATION**

**SILVERADO, Calif. (October 8, 2024)** – The Orange County Water District's (OCWD) 28th annual Children's Water Education Festival (Festival), the nation's largest event of its kind, will take place on April 23-24, 2025, at the scenic Oak Canyon Park.

Since its inception, the Festival has educated over 152,000 students about the importance of water. With its move to a new venue, the 2025 Festival promises an enriched experience, inspiring even more 3rd-5th graders with fun, hands-on activities and interactive lessons.

This free, immersive field trip is open to Orange County students, and teachers are encouraged to register their classes early. The success of the Festival is made possible by the generous support of sponsors, presenters, and volunteers, who bring these educational experiences to life.

"We're thrilled to expand the Festival at Oak Canyon Park, and look forward to engaging more students with the help of our incredible community," said OCWD President Cathy Green.

Registration for teachers, sponsors, presenters, and volunteers opens today, October 8, 2024. For more information or to secure your spot, visit [www.childrenwaterfestival.com](http://www.childrenwaterfestival.com).

*The Orange County Water District manages the local groundwater basin serving 2.5 million people in north and central Orange County. For more information about OCWD, please visit [www.ocwd.com](http://www.ocwd.com) and follow @OCWaterDistrict on social media.*
