## **ORANGE COUNTY WATER DISTRICT BOARD APPOINTS NEW DISTRICT SECRETARY**

**FOUNTAIN VALLEY, Calif.** (February 22, 2023) – The Orange County Water District (OCWD; the District) Board of Directors unanimously appointed Christina Fuller as its new district secretary. Fuller will serve as the liaison between OCWD’s Board of Directors and staff, outside agencies and the public. She officially assumes the position April 1.

“I’m honored to serve as district secretary for the OCWD Board of Directors,” said Fuller. “It has been a pleasure to serve as assistant secretary, a role that has prepared me well for this next step. I look forward to providing continued support to the Board so that they may carry out their mission to provide a safe, reliable water supply to 2.5 million people,” she added.

Fuller began working at OCWD in 2005 where she provided administrative support for the District’s chief financial officer. She quickly demonstrated her aptitude and became a backup to the board secretary’s office. In 2017, Fuller was named assistant district secretary, where she provided support services to assigned boards, commissions and teams. Fuller holds a Bachelor of Arts in communications from Quinnipiac University and is a registered notary public in the state of California. Her appointment comes as current district secretary, Janice Durant, announced her retirement. Durant has provided 33 years of exceptional service to OCWD.

“I extend my sincerest congratulations to Christina, and I thank her for her excellent work,” said OCWD President Cathy Green. “Her attention to detail and her knowledge about the District process and protocols will serve her well. I also send my deepest thanks to Janice Durant for her three decades of impeccable service.”

### **About Orange County Water District**

*The Orange County Water District is committed to enhancing Orange County’s groundwater quality and reliability in an environmentally friendly and economical manner. The following cities rely on the groundwater basin, managed by OCWD, to provide 85% of their water demands: Anaheim, Buena Park, Costa Mesa, Cypress, Fountain Valley, Fullerton, Garden Grove, Huntington Beach, Irvine, La Palma, Los Alamitos, Newport Beach, Orange, Placentia, Santa Ana, Seal Beach, Stanton, Tustin, Villa Park, Westminster, and Yorba Linda.
