QUESTION & ANSWER TABLE

1. Please refer to Attachment A-1 of this Addendum No.5 for the Question & Answer Table.

ATTACHMENT A-1

Q & A Table

**QUESTION AND ANSWER TABLE FOR
CITY OF SANTA ANA PFAS TREATMENT AT JOHN GARTHE RESERVOIR. CONTRACT NO. SA-2025-1**

No.	QUESTIONS	ANSWERS
1	Could you please confirm whether proof of DIR registration for the bidder and subcontractors is required to be included with the bid submission package, or if it will be required prior to contract award?	DIR Registration of the bidder and subcontractors shall be included with the bid submission package.
2	The contact information in the PFAS Treatment and John Garthe Reservoir specification is incorrect. Kevin Smith has not worked at KDC for several years. The correct information is as follows: Kris W. Turk – Estimator kturk@kdc-systems.com (714) 484-2374	See Item 1 of Addendum No. 5 for corrected contact information.
3	Sheet E0101 shows a new SCE PME, but on sheet E4601 detail 2 Well 36 Single Line Diagram, the New SCE PME is not shown. Can you correct this drawing or is SCE going to handle this and we don't need to worry about it. Also, at what SCE device or the new MSB do they stop providing the conductor cables?	See Revised Drawings E0101 and E0603 included in Addendum No. 4. Conductors within PS1 and PS2 by SCE.
4	The Existing wall is 4" high, precision, painted CMU. Confirm the new CMU perimeter wall is to match existing.	Bid per plans and specifications.
