Re: Alamitos Barrier Improvement Project

Chris:

It is Jensen Drilling Company's responsibility to contest the Water Issues Committee's decision to recommend award of the above referenced project to the second bidder, Best Drilling and Pump, Inc. Jensen Drilling Company was recommended for award of this project by the staff group closely tied to the bidding process and knowledgeable to interpret the required information to be sent with the bid.

We feel the committee ignored the recommendation of the staff and are curious if it was an arbitrary decision or if there was supporting evidence in the recommendation of Best Drilling and Pump, Inc. Therefore Jensen Drilling Company officially protests the committee's recommendation.

Jensen Drilling Company has contacted our attorney, Joe Yazbeck, and we are prepared to pursue all legal avenues to achieve a successful award of this project. We are hoping for an uncontested award of this project to Jensen Drilling Company. We will attend the OCWD Board of Directors meeting on the 21<sup>st</sup> of October regarding the award of this project. We look forward to working on this project with the OCWD.

Best regards,

  
Jerry Jensen
